Subject: Soil remedial options table
[Tower Standard-Haskell Lake Soil Remediation Options Table.pdf](#)

All,

Please see the attached table put together by Bristol, describing potential clean-up techniques for the source area. I asked Bristol to provide this summary as part of their draft Tech Memo. The final memo will be produced after we have provided comments on the revised S2C2 model and the model is completed.

Please let me know if you have any comments or questions about the table.

Bob Egan
